Says Boys Had Been Drinking

The father of Roy Gundelach, injured in an automobile accident Friday night on Wilmot road west of Channel Lake, says that both his son and the driver of the car, Daniel Hamelberg, 17, of Rt. 4, Addison Lane, Antioch, had been drinking before the accident. No citation was issued by the sheriff's deputies handling the case, Edward Kujat and Peter Kornelle.

Deputy Scheakle, at the Sheriff's office, said that the boys were removed from the accident scene and taken to Victory Memorial Hospital by the Antioch Rescue Squad before sheriff's deputies reached the scene.

Gundelach was a passenger in a car driven by Daniel Hamelberg, Rt. 4, Addison Lane, Antioch. The car, going east on Wilmot road, left the road and struck a fence post, coming to rest in a field. Wire fence and a fence post on the farm of Mrs. Stanley Anderson were damaged.

Roy was thrown from the car, and suffered a crushed hand and broken arm. He was still in the hospital Wednesday morning, according to his father, George Gundelach, of the Canvas Shop on Route 173.

The accident happened about 11:10 p.m.

"My boy told me they'd been drinking," Mr. Gundelach said. "If an adult got in an accident and had been drinking he'd be charged with drunken driving. How come none of these teenagers are? I don't like to admit my son was drinking any more than any other parent does, but I don't want him drinking, and I'd like to see these places cleaned up where the kids do their drinking. What's the matter with parents that try to cover these things up and let their kids get killed? I wish I could get together with a bunch of them that wanted to do something to stop this."

Investigation shows that only the Gundelach boy was taken from the accident by the Rescue Squad. Young Hamelberg, according to a Sheriff's deputy when the Squad took Gundelach to the Antioch Clinic, Rescue Squad members notified the deputy that they were taking Gundelach for treatment. Witnesses commented that the boys smelled of liquor.

Health Dept. Warns Against Smoked Fish

Dr. Arthur G. Baker, Director, Lake County Health Department, has requested that all smoked fish, other than canned smoked fish, be removed from retail sale in Lake County until the Federal Food and Drug Administration order banning the sale of smoked fish caught or processed in the Great Lakes area is clarified. Dr. Baker stated he has secured the

voluntary cooperation of Lake County processors of smoked fish in this effort.

All persons are requested to discontinue the purchase of smoked fish, other than canned smoked fish, and to destroy or set aside any smoked fish now in their possession until the FDA order is clarified.

Dr. Baker emphasizes that according to the Health Department records, no illness has resulted from eating smoked fish processed in Lake County. He further stated that the department is maintaining close liaison with other regulatory agencies involved.

Art Classes For Adults Start Soon

Coinciding with Governor Kerner's proclamation of Nov. 17 as National Art Week, as designated by the American Artists Professional League, Inc., the Antioch Grade School P.T.A. announces a new program of adult arts and crafts to be held in the old grade school building on North Main St. under the direction of Mr. Ed Hill, special education teacher.

The immediate objective of the program is to provide beginning instruction in a wide range of art forms and craft methods, and to provide a stimulus and a gathering place for those with some background who have lost touch with the art world.

The continuing and long range objective is to establish and build gradually a community center for arts and crafts which might eventually include all age groups and all art forms in a full year round program, limited only by space and need.

The program will be held on Tuesday nights, beginning at 7:30, with registration next Tuesday, Nov. 5th at the old grade school building on Main St.

High school students are invited to join the adult program since there is at present no art course at our high school.

This season will consist of six sessions including basic drawing, oil painting, water color, ceramics, sculpture, silk screening, and printing, leather work and weaving.

Anyone desiring further information may call Mrs. Rosalie Lyons at 395-1903.

Can Choose License Numbers Now

Springfield, Ill.—Secretary of state Charles F. Carpenter reminds motorists who wish to retain their present license numbers for 1964 that the deadline for submitting applications is less than two weeks away.

Applications for reassignment must be in the Springfield office by Nov. 1 for motorists to exercise their statutory right to keep their number, Mr. Carpenter said.

Three - Hour Hootenanny To Swell Hospital Fund

A giant Hootenanny—three hours of fast-moving performances, by top professional folk music acts and recording artists, with a sprinkling of local talent—is set for Friday, November 29, at the Antioch Community High School.

The Giant Hootenanny will

be for the benefit of the Countryside Hospital Fund, and is being planned by the Cooperative Women's Group. Jack Taylor of WGN will MC the show. A list of the various acts taking part will be published as soon as possible. All performers are donating their services, so the

entire proceeds, at a donation of \$1.00 per person, will go to swell the Hospital Fund. The Cooperative Women's Group also plan to take over the responsibility for the follow-up solicitation on the fund drive. John Romer, Fund-Raising chairman, gave the women a complete and

frank appraisal of the status of the solicitations to date.

The professional fund raisers, who were hired by the board to spark initial stages of the fund drive, have finished their contract, and the Board has decided not to renew their contract. Board members feel that enough local people are now helping with the drive so that the professionals are not needed.

Recent additions to the membership of the Hospital Board has given almost complete geographical coverage in Board personnel.

The kick-off for the follow-up solicitation fund drive in Antioch Township is being tentatively planned for Nov. 11. The Antioch group will meet on Nov. 7 to plan the drive.

The Lake Villa group will meet on Nov. 8 at 1 p.m. at the Countryside Hospital campaign headquarters on Route 21 to plan the drive in Lake Villa-Township, which will be conducted from Nov. 14 through 18.

Antioch Township was represented at Monday's planning meeting by Mrs. W. C. Petty, Mrs. E. Elms, Mrs. L. R. Vos, Mrs. O. Hallwas, Mrs. P. McMillen, and Mrs. E. Heuer.

Groups represented at the meeting included the Grant Township Grandmothers' Club, Deep Lake Auxiliary, Countryside Hospital Association, Lake Villa American Legion Auxiliary, Stanton Point Auxiliary, Lake Villa Women's Club, St. Joseph's Benevolent Association, Lake Villa Royal Neighbors of America, Millburn Congregational Church Women's Group, Long Lake Garden Club, the Fox Lake Hills Women's Auxiliary and the Antioch Woman's Club.

In conjunction with the Hootenanny being planned for November 29, a poster contest will be sponsored by the Women's Groups, Grade and High School students in Antioch, Avon, Grant and Lake Villa Townships will be asked to participate. The top posters from each school will be judged and cash prizes awarded to the top three in the High School and Grade school groups. First prize will be \$5.00; second, \$3.00, and third, \$2.00. Parochial schools will also be asked to participate.

November 15 is the deadline for judging. The posters will be displayed in the windows of local merchants.

Judges in the high school competition are Mrs. J. W. McMillen, Mrs. Ben T. Prather, Mrs. Andrew J. Eichorn and Mrs. Moore St. Romain. Grade school judging will be done by Mrs. O. Hallwas, Mrs. Clarence A. Perkins, Mrs. Robert Flashkamp, Mrs. Joseph C. Botts, Mrs. Elmer C. Fling and Mrs. M. Dziekonski.

Local people who wish to perform in the Hootenanny are asked to contact Mrs. Norman E. James at EL 6-8400.

J. B. To Start Off Theater H. S. Season

Drama in the modern high school is not designed simply to bring entertainment to the audience and money to the sponsoring class. Drama, today, is an educational experience. When the best plays of the American theatre and the European theatre are as readily available as they are today, there is no excuse for producing anything other than the best... and the drama group at Antioch Community High School attempts to provide an enriching, rewarding experience for both the audience and the cast.

For their Fall production the drama department, under the sponsorship of the Fine Arts Department and the Junior Class, will produce one of the most ambitious works ever tackled by a high school theatre group—Archibald MacLeish's J. B.

The argument of the play can best be stated in the author's own words: "Two unemployed actors, one old, the other young—Mr. Zuss and Nickels—have been reduced to selling balloons and popcorn in an ancient circus which has traveled through the towns and cities of the earth, year after year, time out of mind, playing the Old Testament story of the sufferings of Job. Dissatisfied, as actors often are, with the interpretation of the story, they make up their minds, late one evening when the show is over and the tent empty, to play it themselves as they think it should be played.

"Mr. Zuss casts himself as God. Nickels is cast as Satan. And the two take on themselves the wager of the BOOK OF JOB: Satan's wager that if God will strip Job of everything he has, Job, the perfect and upright man, will curse God to His face. And so they begin. But hardly has the action started when the old circus and the ancient tale prove to

have a life and movement of their own."

Winner of the Pulitzer Prize in 1959, the play J. B., according to John Chapman, in the N. Y. Daily News, "is theatre on its highest level."

Ken Smouse will direct the Fall production with the assistance of Miss Mary Bachelor and Mr. Don Beveroth. Mr. James Corrigan will direct the Spring play.

Former Bristol Woman Killed

Mrs. John Alec Smith, 66, formerly of Bristol, Wis., was killed last week, in a three-car collision on Highway 53 in Washburn County, Wisconsin.

Mrs. Smith's husband was injured and taken to a Rice Lake hospital.

The Smiths had lived at Stone Lake, Wis., for the last seven years. However, they returned to Silver Lake and Bristol each year for the winter months.

Mrs. Smith was born in Bristol, the former Vera Gaines. She was a daughter of the late Charles B. and Mary Raynor Gaines.

She is survived by three daughters, Mrs. Holger (Nettie) Larsen of Kenosha, Mrs. Hardy (Dorothy) Schmalzfeldt and Mrs. Ray (Mary Lou) Bush of Silver Lake, and seven grandchildren.

Village Trustees Attend Convention

The six village trustees and Police Chief Walter Scott attended the Illinois Municipal League Convention in Springfield this week.

Trustees Irving Walsh, David Nissen, Ray Toft, Ernest Glenn, Roger Williams and Einar Petersen and Chief Scott spent October 19, 20, 21 and 22 at the convention.

Night Must Fall on Two Week-Ends

Tickets for the PM&L production, "Night Must Fall," will be available in the lobby of the PM&L Theater on Main St. on Friday night, Nov. 1, from 7-9 p.m., and on Saturday afternoon, Nov. 2, from 2 p.m. to 5 p.m. Tickets can also be obtained from any member of the PM&L.

The play will be presented Nov. 15 and 16, and Nov. 22 and 23. The cast includes Randy McConahay, Grace Amendola, Valerie Hunley, William Truppe, Verna Parovara, Garnet Oddsen, Oma Lee Bevington, Dan Bevington and Gary Richter. Joe Hunley is directing the play and stage manager is Dan Seyfarth. Marilyn Olson is property mistress.

An after-theater party at Lorenz's Smart Country House will highlight the opening performance on Nov. 15. Tickets for the party can be reserved by calling Shirley Stanich at 395-0876 or Agnes Van Patten at 395-1615.

New Rector at Local Church December 1st

The Rev. Theodore A. Bessette, rector of St. Clement's Episcopal Church, Harvey, has accepted the call to be rector of St. Ignatius' Church, Antioch, effective December 1.

Father Bessette received his BA from the University of Wyoming in 1942 and his BD from Nashotah House, Nashotah, Wis., in 1945. He began his ministry as vicar of St. James' Church, Kemmerer, Wyoming, and was rector of the Church of the Ascension, Salida, Colorado, for two years before going to Harvey in 1948 where he served for five years as vicar of St. Clement's mission congregation. When St. Clement's became a parish in 1953 Father Bessette was called as the first rector.

At St. Ignatius' he is succeeding the Rev. Edmund E. Hood who has resigned to become rector of the Church of St. Raphael the Archangel, Oak Lawn, November 15.

The Rev. Hood will conduct his first service at St. Raphael's on Dec. 1. The following Sunday, December 8, he will be formally instituted as rector at a special service at 4 p.m. by the very Rev. Joseph Peoples, Dean of the Joliet Diocese of the Episcopal Diocese.

Father Hood served as rector of St. Ignatius Church in Antioch for nine years.

Breaks Ankle In Fall At Home

The Antioch Rescue Squad took Mrs. Emma Jarnigo, Antioch, to the Antioch Clinic Monday morning after she suffered a fractured ankle in a fall at her home.

The squad took John Cox, 14, of Zion, Ill., to the office of Dr. Abderhalden, then to Zion Hospital, after he suffered a broken ankle at a football game at Antioch High School on October 22.

Ghosts And Goblins Prowl-It's Halloween

Thursday night is Halloween, and householders can expect a busy evening answering doorbells and/or knocks at doors as happy little Martians, ghosts and hoboes pursue their rounds collecting tribute in lieu of tricks.

Motorists are warned to be extra careful. Children wearing masks and cumbersome costumes can't always see as well as usual, and may be less agile than they wont, hampered by long draperies, high heels, or what-have-you.

The older, and not-beguiling version of the trick-or-treater, the restless teenager looking for excitement in the destruction of property, will be on the prowl, too. And police throughout the county will call on their whole force to help hold down any vandalism.

The sheriff's office will have extra men on duty. Sheriff's cars and plain cars carrying deputies will cruise throughout the night in all areas of the county.

The Antioch police department will have an extra car cruising and all the men on the force will be on call.

Rep. Bairstow Dies At 61

State Representative Jack E. Bairstow, well-known Lake County legislator, died early Monday morning in Victory Memorial Hospital in Waukegan. He was 61 years old.

Mr. Bairstow was admitted to the hospital Friday. He had suffered from a heart condition for some time.

Rep. Bairstow was completing his sixth consecutive term in the Illinois House of Representatives. He was a first elected to the General Assembly in 1952.

Rep. Bairstow graduated from the University of Illinois with a law degree, and has maintained a law office in Waukegan. He became a Democratic precinct committeeman in 1938 and was chairman of the Lake County Democratic Central Committee from 1942-49. He was a past president of the Lake County Bar Association.

His survivors include his wife, Leslie, and three sons, Dr. Bruce Bairstow of Concord, New Hampshire, David of Griffith, Ind., and Donald, of Waukegan.

The funeral was held Wednesday in Waukegan.

Downey Has Jobs

The Downey Veterans Hospital is accepting applications for Registered Nurses, Licensed Practical Nurses, Nursing Assistants, Librarians, Physical Therapists, Clinical Social Workers, Residents in Psychiatry, Psychiatrists and General Practitioners, Food Service Workers and Housekeeping Aids.

For additional information call or write the Placement Officer, Veterans Administration Hospital, Downey, Illinois 60065, (Phone Ontario 2-1900, Extension 425).

SUSAN WITTELEDER as a bear, Sue Abderhalden a colonial girl and Cathy Walpole as a clown won prizes for their costumes.

KEN KISH as a Martian, Gary Slagel as a Hobo and Billy Burns as a Ballerina won prize winners in the Halloween costume contest of the Prop Bowling league at the Antioch Bowl last Saturday.

New Machines At Bank Speed Up Service

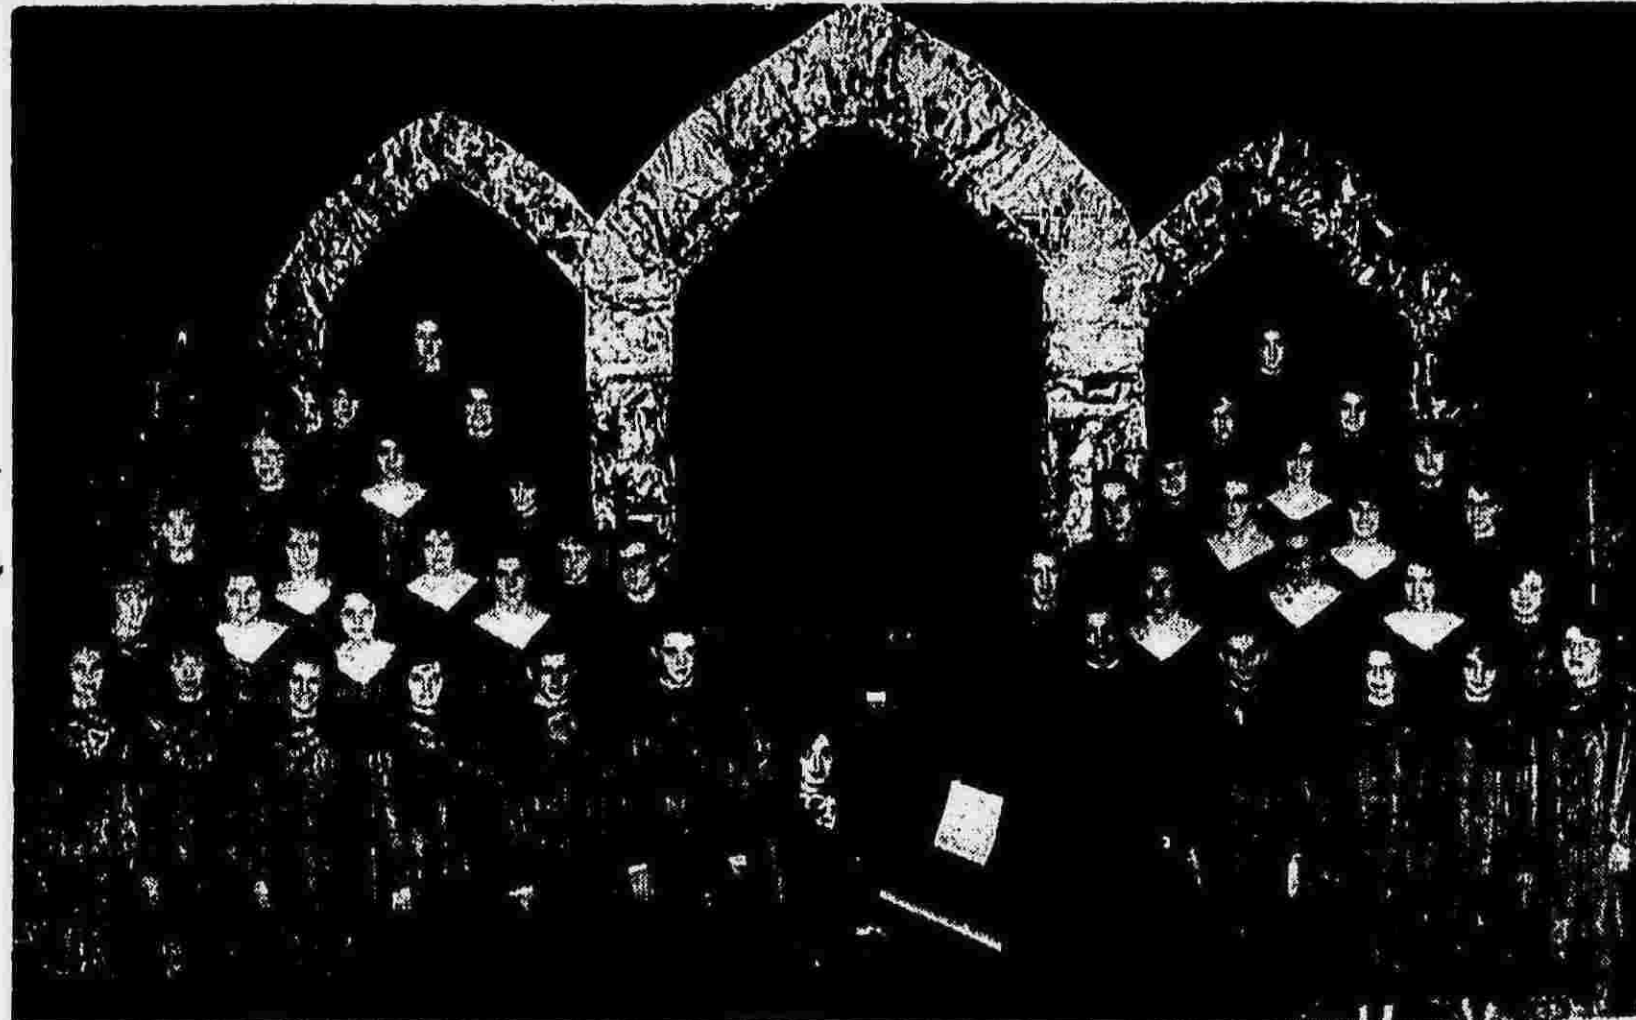

William Brook, president of the State Bank of Antioch, has announced that the bank has installed seven electrically operated teller's machines, handy devices manufactured by Burroughs Corp. that print out registered receipts for customers while simultaneously recording each transaction for the bank's own records. The machines will go into operation on November 1, Mr. Brook said.

"This new machine," Mr. Brook said, "has been designed to permit much faster window service for our customers, saving up to 30 percent of the time formerly consumed in making deposit transactions. The system not only eliminates chances of error, it will further protect the confidential nature of each account because our new registered receipts will carry no name to reveal to unauthorized persons the amounts and frequency of deposits."

In addition, the deposit receipts are not negotiable and cannot be altered.

MRS. LLOYD MURRIE and Mrs. Oliver Hunt try out the new machine the State Bank has installed to simplify and speed up deposits.

Collect Personal Property— Or Protect It?

The County Board recently appropriated \$2,000.00 to pay the wages of two special deputies for the sheriff's department to collect delinquent personal property taxes.

No doubt, so long as some law-abiding citizens pay their taxes, all should pay, or the law should be repealed. But is collecting delinquent taxes the most important use to which two special deputies could be put?

Any time there is criticism of law enforcement—or lack of it—in this area (as in any area) you'll get the explanation, "There just aren't enough police to thoroughly patrol the area. We'd have to have more money to hire more men to do the job right."

If the county board can find money to pay tax collectors, wouldn't it seem more sensible to use the money to pay special deputies to protect the lives and properties of the people who are paying the tab of both the county board and the sheriff's department? How about an intensive drive against traffic violators? How about a few special police to concentrate on the numerous law-breakers in this respect? Probably as much money could be collected in fines as the deputies will collect in delinquent taxes. And maybe a few lives saved, in addition.

Every day, motorists see other motorists breaking laws, and fervently wish there was a "cop" in the vicinity. How about all the cars you pass in night driving that have only one light—a nice little accident-causer? How do they manage to stay on the road without ever coming to the notice of a cruising cop?

Nothing so effectively slows down a reckless driver, exceeding the speed limit, as the sight of a patrol car. It would be nice if more were in evidence.

With Halloween coming up, how about forgetting tax collecting and putting the special deputies to work protecting personal property, and the lives of young trick-or-treaters out celebrating Halloween. That's important, too.

Courthouse Notebook

BY LOUI DUKIN

To nobody's great surprise, the new appropriation and levy ordinance submitted to the county board last week and which is now on file at the courthouse for the perusal of anyone so inclined, made no mention at all about a new mid-county courthouse annex.

It was not surprising that the special committee appointed by County Board Chairman Robert J. Dickson should fail to reach a conclusion in its study of the need and feasibility of a courthouse substitution before the new budget was submitted to the board.

There is considerable support for the idea of constructing an annex in the central part of the county to house the sheriff's highway patrol squads, some functions of the voters registration office, perhaps the building and zoning department, and a branch of the health department.

It is unlikely, however, that such a project will be undertaken until the new courthouse in Waukegan is completed or nearing completion, this despite an earlier resolution adopted by the county board which clearly stated that the mid-county annex should be constructed at the same time as the new building on the courthouse square.

Finance Committee Chairman August Cepon is going to make sure that Public Building Commission Chairman August Cepon has plenty of funds available to proceed with the shoreline courthouse before he approves expenditure of funds for the mid-county building.

You can look for considerable public resistance to Supervisor Cepon's suggestion that a possible area for consolidation and centralization of county activities is in the field of health.

The Waukegan supervisor suggested the possibility during a brief talk before the county board last week in which he warned of the need for more services and more facilities to keep pace with the county's growth.

Supervisor Cepon suggested that it might be advisable to place the Lake County Health Department, the Lake County Tuberculosis Sanatorium, and the county hospital under one central health office.

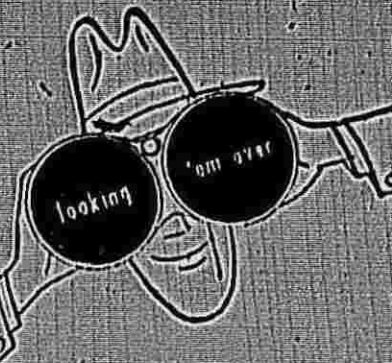

Even if the advantages of such a consolidation far outweigh any shortcomings there would be bitter opposition because both the sanatorium and the health departments were established by referendum and each department has the power to levy its own taxes for its own support.

Neither group is likely to look kindly on the idea of surrendering any of its authority or taxing power.

The county public works department is starting out modestly by asking for only \$46,700, the bulk of which is budgeted for consultants if and when any projects are initiated.

There are some skeptics who view this comparatively small amount as merely the opening wedge in the development of a new bureau.

The biennial effort to set up a candidate screening

By Pearl Kapell

Gallup is at it again. He's taken a poll to find out whether or not people are disturbed over the alleged lowering of moral standards. West Germans and Americans, it appears, are most disturbed over the behavior of their fellow citizens. Mr. Gallup didn't mention whether any of those interviewed were disturbed over their own moral turpitude.

Just what the survey is supposed to indicate he doesn't say. You can interpret it in several ways. It might indicate more immorality. Or it might indicate that more people are worried about other people's immorality.

At any rate, West Germans and Americans show the greatest number of people dissatisfied with today's moral standards. This was a seven-nation poll. Norway and Switzerland showed the least concern over their neighbor's moral standards.

As discussion of a possible Junior College in Lake County grows, a rather striking coincidence is apt to be observed by many. The estimated cost of the college, including additions expected to be necessary through 1975, is about 6½ million dollars. The estimated cost of the courthouse the county board plans to build is 7½ million dollars.

Which would benefit the most people? The college, we would think.

The courthouse will be used by a comparatively small number of people. In the occasional trip the average taxpayer may make to the courthouse, he couldn't care less whether or not his business is transacted in an esthetically pleasing surroundings.

As for those who work in the courthouse, we can't see any reason why they should pursue their labors in surroundings considerably more elegant than those in which the men work who pay their wages—the taxpayers.

Paint Water Tank

Five men of the John H. Greenlee Elevated Tank Service of Cherry Valley, Ill., painted the village's water tower (the old one on Broadway) last week.

The tank was drained and the inside of the tank painted with a tasteless, odorless tank lining. The outside of the tank was sprayed in a blue that matched as closely as possible the color of the new water tank.

program within the Republican Party in Lake County has died aborning, again.

Some advocates of a screening program point somewhat sheepishly to the success enjoyed by the Chicago Democratic "machine" and suggest that the GOP "organization" might do well to install a similar brand of discipline on the Lake County Republican organization.

The memory of the 1962 primary when 12 candidates sought the Republican nomination for state representative while eight vied for the Congressional nod, was added inducement for some screening program for the coming primary, but the supporters of the plan were overwhelmed.

One of the dangers of a screening program or endorsement by any group is that those given preference by the central committee or the local club may not win.

This, of course, could be most embarrassing. Or, worse than having the candidate defeated would be to have the select one decline to become a candidate.

This, as you may recall, occurred two years ago when the Grant Township Republican Club, in an ill-advised move, endorsed the candidacy of Wesley Koehler, county purchasing agent, for Probate Clerk, only to learn later that Koehler had no intention of being a candidate.

The tricks or Treats brigade is warned that they must perform their dastardly deeds before curfew time tonight if they don't want to find themselves in the toils of the law.

Your Governor Reports

by OTTO KERNER

The overwhelming success of the new Lincoln Heritage Trail in Illinois, Indiana, and Kentucky has encouraged exploratory talks with three other states about the possibility of a second trail.

I recently met in Amara, Iowa, with Iowa Gov. Harold Hughes, Wisconsin Gov. John Reynolds and Minnesota Administration Commissioner Stephen Quigley, representing Gov. Karl Rolvaag, to discuss a possible tourist trail linking our four states.

We reached unanimous agreement that such a project was both feasible and desirable and set a target date of May 1, 1964, for the new trail. Richard Newman, chief of the Illinois Division of Tourism, is working with representatives of the other states to draw up a specific proposal.

No route has yet been selected for the trail but the section in our state will undoubtedly be centered in the northern and western sections of Illinois.

Its smart to pick your friends, but not to pieces.—Cadott Sentinel.

The theme also has not been chosen, but there are a number of links that tie our states together, such as the Mississippi River or the tremendous Indian culture and lore of the area. Regardless of the choice, the project appears to have a great potential because people have a deep interest in our nation's past.

For instance, the 460-mile Illinois section of the main Lincoln Heritage Trail, plus two side trails, will have drawn an estimated one million visitors to our state by the end of the year.

Tourism contributes substantially to our state's economic growth. Each additional 20 to 25 visitors to Illinois each day represent the equivalent of an industrial payroll of \$100,000 a year and mean more jobs for our citizens. Tourist trails have demonstrated their worth—in two fields—attracting visitors and dramatizing our past.

Speed Causes Most Traffic Deaths in '62

The Illinois Taxpayers' Association has compiled figures on the causes of fatal accidents in Illinois last year, 9 could be attributed to some sort of improper driving on the part of one or more of the drivers involved.

Speeding too fast, failing to yield the right of way, driving left of center, and drinking contributed to three-fourths of the fatal accidents for which a reason could be determined.

Of the causes, speeding caused the greatest number of fatal accidents, a total of 429, or 30.2%. Failure to yield the right of way was the runner-up in cause of death, causing 269, or 19%. Driving left of center, with 221 fatal accidents (15.6%) and drinking, with 149 fatalities (10.5%) made up the top four causes.

A passed stop sign caused 91 of the accidents; other improper overtaking, 79; disregard traffic signal, 45; followed too closely, 24; bad brakes, 9; improper lights, 7, and making an improper turn, 4.

we took this big V8 and put it in the '64 Chevy II...

Chevy II Nova 4-Door Station Wagon.
Luggage carrier rack shown, optional at extra cost.

WOW!

A pretty potent mixture.

The car's the same size. As trim and easy to handle as ever.

But now you can have a full-grown V8 in it. A Turbo-Fire 283* that turns out 195 hp.

It's the kind of machine that doesn't take much coaxing to set in motion. (Especially when you consider it has over 60% more power than the Chevy II that won North America's toughest rally last spring—the Shell "4,000.")

And for '64 we've also added a choice of a 4-speed Synchro-Mesh transmission* with a floor-mounted shift.

But in case your tastes run somewhat milder, we should

point out you have a pick of three other engines as well. The standard 4 (on 100 Series sedans), the standard 6 and a new 155-hp 6*.

And, whatever one you decide on, it's reassuring to know you're getting a car built with the pure and simple integrity of a Chevy II. (Upkeep has been even further reduced this year by such refinements as larger self-adjusting brakes.)

It's a simple matter to spot one of these '64's by styling touches like the new grille design and trim accents. But

we'd like to suggest a more memorable way. Drop down to your dealer's and drive one.

*Optional at extra cost.

11 Topics for Today's Women

Former Antioch Residents Celebrate Fifty Years

Label Woman's Club Speaker As "Exciting"

Mrs. Patricia Clafford, who is nationally acclaimed for her enriching, exciting and highly entertaining programs, will be the guest speaker and for the Antioch Woman's Club next Monday, Nov. 4, at the Scout House in Antioch. The meeting will start at 1:30 p.m.

Mrs. Clafford, whose credits loom as a veritable who's who of platform personalities, will present an original lecture on the Jay Gould family, especially concentrating on Jay Gould's daughter, the late Helen Gould Shepard.

Patricia Clafford

There will never be another "Woman like Helen Gould Shepard. Her world and her day have passed, but this program, prepared after diligent search by Mrs. Clafford, makes her live again in a rich, full hour of dramatic entertainment.

Mrs. J. A. Vogler, program chairman, writes: "Mrs. Clafford is no stranger to the Antioch Woman's Club platform, where her previous appearances have made her a looked forward to favorite."

ALTAR & ROSARY NEWS

The November meeting of the Altar and Rosary Society of St. Peter's Church will be held Nov. 4. Rosary and benediction will be at 7:45 p.m.

The guest speaker, the Rev. Joseph Savage, will show slides of Mexico. The ladies of the parish will receive Communion together this Sunday at the 7:45 a.m. Mass.

METHODIST MEN TO MEET

The Methodist Men's Club will hold their regular meeting starting at 7:30 p.m. on Monday, Nov. 4, at Wesley Hall in Antioch.

Mr. and Mrs. Adolph G. Helm of Longwood, Florida, marked their golden wedding anniversary October 11 with a dinner reception for 50 guests in their home in Longwood. Former residents of Channel Lake, and owners of Adolph's Channel Inn, they retired and settled in Central Florida.

Among the out-of-town guests were Mr. and Mrs. Henry Merkel of Titusville, Florida, Mr. and Mrs. Andrew Lehmann of Milwaukee, Wis., Mr. and Mrs. James Bowyer of Villa Park, Ill., Mr. and Mrs. Ted Brady (the former Margaret Runyard of Channel Lake), of Palm Bay, Fla.

Lifelong friends, Mr. Merkel and Mr. Lehmann attended the wedding of Kate and Adolph, then the silver anniversary and now the golden one. The couple married in Bellwood, Ill., and has one daughter, Mrs. Joseph Leuwich, also of Longwood, Fla.

Coulson To Speak To GOP Women

The 12th Congressional District Woman's Republican Club is planning a luncheon on Tuesday, November 5th, at the McHenry Country Club.

The luncheon will include an open press conference featuring Robert Coulson. Anyone desiring information about transportation to this luncheon should contact their area chairman, Mrs. W. C. Petty, at 395-0476.

HOLY NAME SOCIETY

Robert (Mickey) Babcox, Lake County coroner, will be the guest speaker at the Fall Smoker of the Holy Name Society of St. Peter's Church. The meeting will start at 8 p.m. on Tuesday, Nov. 14.

P.T.A. MEETING

The meeting of the A.C.H.S. P.T.A. on November 6 will feature a book exhibit and book review in commemoration of American Education Week. The program is sponsored by the English and Library Departments. The meeting will start at 8 p.m. in the High School cafeteria.

Party Held For New Twins

Mr. and Mrs. Harry L. Rogers of Bluff Lake, Antioch, recently hosted a party in honor of their twin grandsons, Christopher Guy and Chad Rogers Larson.

Four generations were present at the party—the twins, their parents, their grandparents, and their great-grandparents.

The twins were born in Victory Memorial Hospital in Waukegan. They are the first grandchildren of Mr. and Mrs. Rogers, and make a total of three great-grandchildren for Mr. and Mrs. Charles H. Hanke.

Mr. and Mrs. Kenneth Larson, parents of the twins, now live in Des Moines, Iowa, where Mr. Larson is an architect working on additions to the state capitol. Mrs. Larson is the former Janet Rogers.

Mr. and Mrs. Adolph Helm

Guest Speaker At W. S. C. S.

The November 6th meeting of the Women's Society of Christian Service of the Antioch Methodist Church will be Guest day, at which time all neighboring church women are invited to attend. The meeting will start at 12:30 p.m. at Wesley Hall.

The program will feature Miss Edna M. Hutchens, "India" will be her topic and she will show slides of "Art in India."

Miss Hutchens, who began her missionary work in January 1921 under the Women's Division of Christian Service of the Methodist Church, served as a teacher and later as Principal in the Lal Bagh School in Lucknow, North India.

This school was founded by Miss Isabella Thoburn, the first woman educational missionary sent out by the Methodist Church in 1870. It began with six little girls and now has an enrollment of over 1600. It is now known as the Lal Bagh Higher Secondary School, specializing in Home Economics at the Junior College level, and in the training of Nursery and Kindergarten teachers. The school serves as the practice school for the graduate teacher training department of the Isabella Thoburn College. The College which was an outgrowth of the school founded by Miss Thoburn is now situated near the Lucknow University which is two miles from Lal Bagh.

Miss Hutchens retired in the summer of 1958 but was later recalled by the Lucknow Conference to serve as principal of the Methodist high school, a co-educational institution in Kanpur. This school was also founded by Miss Thoburn. Miss Hutchens returned to America in September 1962 after the former principal of Methodist High School returned from furlough.

Her topic will be "India—A Land of Challenge." Miss Hutchens now resides in Evanston, and was one of the speakers at the Rock River Conference of the W.S.C.S. held at Elmhurst College last July.

Hostesses for the meeting will be the Martha Circle. Co-chairmen will be Mrs. Boyer Nelson and Mrs. Samuel Ries. Devotions will be by Mrs. Charles Watson.

News for Women

URBANA — Mothers will see more of the three improvements in children's clothing this fall, says Mrs. Ruth Galbraith, University of Illinois home economist.

These features are the improved rayons, nylon 420 and the soil-resistant fluorocarbon finishes, Scotchgard and Zepel.

The improved rayons, identified by trade names Avron, Zantrel and Avril, are stronger than conventional rayons. These new rayons, particularly Zantrel and Avril, don't shrink or stretch so much as the old rayons.

The improved rayons can be used alone. They can also be used in blends either with cotton for a silkier, more tear-resistant fabric or with polyester fibers, such as Dacron, Fortrel and Kodel. Nylon 420 adds longer life

Isn't it maddening the way wallpaper peels away from the wall, or bulges in spots? Well, it's easy to repair. First, mix yourself a thin paste of flour and water. Use a thin knife, or better, a medicine dropper, to apply the paste. If the paper is peeling at the seams, lift paper gently with a paring knife and squirt in some paste. If bulge is in the middle, make a small puncture at the top of the bulge and insert your paste. Use a damp cloth or sponge to smooth down the paper. Remove excess paste.

Need a darning egg? Try an old light bulb—or for children's socks, use a golf ball.

What beautiful things they do with sweaters today! The only real problem is how to keep the sweater in shape when you wash it. It's really easy if you just make a pencil outline of your sweater first. Then wash in cold water sweater cleaner, or warm water and mild suds.

Janet Polley, daughter of Mr. and Mrs. Warren Polley, 998 Osmond Ave., Antioch, is one of the twelve women who have been accepted for membership in Orchestis, Cornell College's modern dance group.

Orchestis extends membership to those with good physical coordination, rhythm and imagination.

Cindy Brenna, a last year Antioch High graduate starting her first year at the University of Illinois, was struck by a bus and injured the first week of school.

Her mother reports that Cindy was back in school within a few days, in spite of being bruised and having a concussion.

Cindy, her mother reports, was in the crosswalk when the bus rounded the corner and hit her. The bus driver said the bus was overcrowded and he couldn't see her.

Cindy was on the staff of the Tom-Tom and was Editor-in-Chief of the Sequoia in her senior year at Antioch High. She is a pledge of Gamma Phi Beta sorority. She is majoring in art.

Goldie Marie Stillson, daughter of Mr. and Mrs. M. M. Stillson of Antioch, has been pledged by the Wisconsin State College, Whitewater, chapter of Delta Zeta, national social sorority. Miss Stillson is a junior in secondary education.

expectancy to boys' blue jeans, especially if you buy the double-knee style. These improved blue jeans usually contain 17 to 20 per cent nylon. Cotton-nylon jeans cost a little more than all-cotton jeans. But you get lighter weight jeans that resist rubbing better than the all-cotton type. And because the cotton-nylon jeans usually are vat dyes (color fast), they hold their color in washing. Thus they can be washed with other colored clothes.

The soil-resistant fluorocarbon finishes resist water and oil-borne stains. This kind of finish is especially important on better boys' slacks that you normally dry-clean.

Rinse well; roll between towels to blot out moisture and lay on paper with the sweater outline. Block to traced shape . . . it will dry just like new.

Don't use a hair dryer on those sweaters—but you can use dryer on inside of slushy, snow-wet rubbers or galoshes to get them dried off quickly.

Do ridges form when you set your hair with bobby pins? Prevent it by wrapping each strand in an end paper; then wind as usual. Paper cushions pressure of the bobby pin and next morning . . . smoother waves!

Your homemade pies can look even faster than store-boughts if you try these tricks on your pie crusts:

To get a shiny glaze on the crust—mix one egg (beaten) and 1 tablespoon water; brush mixture over top of crust just before baking. To get an old-fashioned sugar crust—mix sugar and cinnamon; sprinkle over top crust before baking. To get a rich brown crust—brush with milk before baking. (Watch for Maggie every week!)

Word was received here of the death of Miss Una Minto on October 20, at Claremont, California.

About 40 members of the Grayslake Pilgrim Fellowship and about 25 members of the Millburn Pilgrim Fellowship enjoyed the hayride and Halloween party Sunday evening.

Homemakers Want To Know...

SCHOOL LUNCH BOXES CAN BE TEMPTING

By CECE ALLISON, Scott Home Service Center

Q. Lunches I pack always seem to be the same sandwiches over and over. How do you get variety into sandwiches which are to be carried?

J.R.

A. Many youngsters are conservative when it comes to sandwich fillings, they want certain favorites repeated often — peanut butter, for example. However, there is fun and variety in the wonderful range of breads and rolls available on the market. You can alternate the types of breads, rolls and crackers to provide tempting variety. If you have a freezer, keep on hand a variety of breads. When packing the lunch box, the frozen bread may be filled without thawing to help keep the sandwich cold until lunch time. Because bread frozen in its original wrapper may be held only about two weeks, plan to repack it in Cut-Rite Plastic Wrap for several months, holding in the freezer. Sandwiches, too, may be prepared and frozen wrapped in plastic wrap. For freezing, butter the bread to the edges to eliminate filling soaking the breads and avoid fillings containing mayonnaise. Frozen sandwiches wrapped in see-through Plastic Wrap may be kept in the freezer up to two weeks. They may be packed without thawing in the lunch box and will be right for eating by noontime.

Q. What foods other than sandwiches can be packed to provide variety in the lunch box?

Cathy McGhee

A. Cooked meat cubes threaded on skewers or toothpicks make delightful lunch box fare. Fried

chicken pieces also may be wrapped in plastic wrap or wax paper for out-of-hand eating. Bologna and other sliced cold meats may be spread with cream cheese or cheese spreads for tempting wedges. With the plastic "hot or cold" cups on the market, salads, cottage cheese, cold chicken baked beans or other favorites are excellent additions to the lunch. Secure the tops carefully with plastic wrap. A wide-mouth thermos filled with piping hot soup, baked beans, spaghetti, or Spanish rice is another means of getting variety and appetite appeal into the carried lunch menu.

Q. Try as I may, I find that after about two weeks of packing school lunches I slide into a monotony which I know drives my youngsters' appetites. How can I keep sparkle in the lunch box?

Mary Lou

A. One of the easiest ways to keep interest and fun in the packing of lunch boxes is to line the box each day with a different color of paper towel. Then, mix and match the colors of paper napkins used. There be a different way of packing the lunch. Occasionally, give the lunch a theme which appeals to the youngsters' interests, such as Western, Outer Space or Pirate and include a menu card written with appropriate names for each menu item.

Chamber To Meet

Chamber of Commerce committees are already hard at work on plans for Christmas—street decorations, the Christmas Fair at the High School, slated for November 30 and December 1, and all the other trimmings that brighten the holiday season.

The next meeting of the Chamber will be at the Boy Scout House on Main St., on Monday, November 4, at 7:30 p.m.

NO LITTERBUG

Among my good habits I take special pride in one, namely the impulse not to contribute to litter.

I deposit ashes and butts of cigarettes in ash trays. When a book of matches is empty I drop the cover in a wastebasket. If I tear the cellophane from a pack of cigarettes or a package of gum, I look for a place to put it and I'll put it in my pocket before I'll drop it on the sidewalk or the floor of an office or hotel lobby. In hotels I put used towels in the basket provided for them. When finished with the water, I pull the plugs in wash basins and bathtubs. Lacking a special cloth, I don't use linen towels to wipe my shoes; I use yesterday's socks.

Back to Nature

When the government left crop control to the bugs and grasshoppers we didn't have a crop control problem.

Political economy — two words that should be divorced on grounds of incompatibility.

ALL ABOUT BABIES

A Public Service of the National Baby Care Council

YOUR BABY'S FOOT
By Dr. John T. Sharp
American Podiatry Assn.

It has been estimated that the average individual walks somewhere in the neighborhood of 100,000 miles during his lifetime. This journey must be accomplished on but one pair of feet. Whether or not the trip will be plagued by one of the many foot ills to which we fall prey may be determined largely by the care which the foot receives during the formative years of infancy and childhood. It is, therefore, important that the parent know something about the development and care of the foot during this vital period.

The infant's foot is soft and quite flexible. It is com-

posed largely of gristly material called "cartilage" which is not so rigid as the bone which will replace it at a later age.

Because of its softness, the foot of infancy is readily deformed by pressure. Various foot coverings—even sleeping garments with feet in them—may often place enough stress on baby's foot to produce deformity. Actually, the foot need not be shod at all until the child begins to stand.

The absolute essential for normal foot development in infancy is complete freedom of motion. As your infant grows in size, he also grows in activity. See how he flexes and kicks his feet and legs. All this activity is nature's way of developing the structures which must later support the body and propel it forward. Remember: anything which restricts move-

ment of the extremity also restricts its development. One final word about the baby's feet and legs: It has been recognized in recent years that constant "belly sleeping" in infancy, with the lower extremities in one position, will often cause awkward gait when the child begins to walk. The deformity called "pigeon-toe" is an example of this. It is, therefore, advisable to change baby's position from time to time during the period of early infancy, when he's unable to roll over and alter position by himself.

The Russians have discovered that Stalin was no good. There they go again, taking credit for another old American idea.

What is a cynic? A man who knows the price of everything, and the value of nothing.—Oscar Wilde.

Wide Range of Musical Fare at H. S. Concerts

The Antioch High School
Concert Band, under the di-
rection of Mr. Joseph Rush,
will present its first concert
of the season on November
24, at 8:00 p.m.

The Concert Band is plan-
ning to provide the public
with an evening of the very
best in band music ranging
from a fine original march
for band, March "Onward"
by Ernst Lohd, to an out-
standing work by Tchaikow-
sky, his Marche Slav. Also
on the program will be a
number of soloists as well as
a guest conductor from one
of our leading universities.
On March 7, the Concert
Band will be back to present
its Spring Concert, and again
you can look forward to a
program of outstanding
music.

For those of you who like
the best in dance band music
be sure to attend both the
November 24 and March 7
concerts. Following the con-
cert Band, the Antioch High
School Stage Band will pre-
sent a half hour concert-
dance in the boys' gym. Be
sure to make your plans now
to attend both band concerts
as well as the other fine pro-
ductions by the Fine Arts
Department.

Carols Of Many Lands At Concert

The Antioch High School
Choral organizations, under
the direction of Miss Della
Mae Tronchuk, will present
two concerts this year. The
first concert will be the an-
nual Christmas Concert,
December 15; the second will
be the Spring Concert, May
2, 1964.

The Christmas Concert will
be the first appearance of
the Senior Choir this year.
Along with the Senior Choir,
the Girls' Glee Club and
Singing Choir will be featured.
As has been done in the past,
an elaborate set will be used
to create a Christmas atmos-
phere to back the choral or-
ganizations.

This year's concert will
find the choral groups sing-
ing carols from many coun-
tries of the world. Repre-
senting England, some of the
carols from Benjamin Brit-
ten's "A Ceremony of Carols,"
which were so very well re-
ceived last year, will be re-
peated. The Singing Choir
will perform several light
winter and Christmas selec-
tions. This organization is a
select group of students from
the Senior Choir. They have
made an average of 20 ap-
pearances each year, and
been very well received by
the community.

This year the Spring Coral
will be a new feature in the
Fine Arts Department calen-
dar. The concert replaces the
Spring Musical which has
been presented in recent

years. All of the choral or-
ganizations will again be fea-
tured with the highlight of
the evening being the presen-
tation of Kurt Weill's
"Down in the Valley." This
is a one-act opera based on
American Folk songs. The
choir is a major part in the
production with four stu-
dents taking leads. Kurt
Weill is also the composer of
the "Three Penny Opera," from
which comes the popular song,
"Mack, the Knife."

Now—buy a new electric dryer and save up to \$60

In the next 60 days over 25,000 Chicagoland people will
buy dryers—most will be flameless electric. Read why
you should buy electric. Right now—and for a limited
time only—Commonwealth Edison and Public Service
Company, in cooperation with your dealer, offers you a
chance to save as much as \$60 on any new flameless
electric dryer. (A cash bonus of \$20 from Common-
wealth Edison, plus up to \$40 that you normally save
when you buy an electric dryer instead of gas.) For the
average family, this equals about 3 years of free drying!

And electricity is simplicity. Because there are few
moving parts, electric dryers cost less to maintain.

And with no pilot light, your dryer costs nothing when
not in use. Clothes dried electrically also come out
fresher and cleaner because there are no fumes, flames,
or products of combustion to mix with them. What's
more, nothing dries clothes faster than today's electric
dryers. (Only 26 to 30 minutes for a full load.)

See your dealer now for details. Satisfaction on any
flameless electric dryer is guaranteed, of course.

Season Ticket For Fine Arts Saves Money

The Antioch Community High School Fine Arts Department will open its 1963-64 season on November 8 and 9 with the production of the play "J.B." Six productions will be presented during the 1963-64 season.

Following "J.B." will be the Fall Band Concert November 24, the Christmas Vocal Concert December 15, the Spring Band Concert March 7, the play "Oedipus the King" April 3 and 4 and the Spring Vocal Concert May 2.

For the second year, the Fine Arts Department is selling season tickets to all six productions. The season ticket represents a substantial savings to those who obtain the tickets during the sale. The sale is now being conducted by members of the high school band, choir, drama club, and the Junior and Senior Class Executive boards.

The price of the season tickets is \$4.00 for adults and \$2.00 for students. If you have not been contacted and would like to purchase a season ticket, you may call the high school between the hours of 8:00 and 4:00 and ask for Mr. Rush. The Fine Arts Department is offering an outstanding series of concerts and plays for 63-64. The sale will close November 7.

All productions will begin at 8:00 p.m. and the price of the tickets at the door will be \$1.00 for adults and \$.50 for students.

Shown above in dotted lines is the suggested corridor for the Mid-State (North-South) expressway called vital to the state's growing traffic needs by the Chicago Motor Club. Motor Club traffic engineers point out that current Interstate System planning for Illinois (as shown in dark lines) does not cover the area which would be served by the proposed Mid-State highway. Meetings have been scheduled in affected areas to promote this addition to the state's highway network—an addition essential to the economic growth of Illinois and the safety of its motorists.

West Millmore

By Rosemary Holiday

Last Saturday the Lake Villa VFW Post began its "Lite-A-Bike Program." Many bike riders from the Venetian Village and West Millmore areas stopped by the Village Hall to have their bicycles taped with reflector tape. The VFW hopes this

will afford both the bike-riders and motorists more protection at night.

Friends from the Lake Villa Library presented Mrs. Robert Rollin with a cut velvet purse as a token of their friendship. Mrs. Rollin will no longer be working at the Library as she has taken a position in the office of B. J. Hooper School.

Cut Scout Pack 88 of the Lake Villa Community Methodist Church held a roller skating party last week at the Lake Region Rink in Antioch. About 50 adults and scouts went round and round.

It was a good time for all. It was a "surprise" farewell party for Mrs. Arlyne Bruner last Saturday evening. Her friends arrived at her home, bringing everything from paper plates and drinks to a pot luck supper. Many in the village will remember Mrs. Bruner for her work as Den Mother of Cub Scout Pack 88 and her efforts while associated with the Lake Villa Methodist Church Vacation Bible School. Most will remember her friendliness and good neighborliness. Some of her friends who joined together Saturday evening were: Mr. and Mrs. Clarence Reed, Mr. and Robert Rollin, Mr. and Mrs. John Brandt, Mr. and Mrs. Don Orr, and Mr. and Mrs. John Schueler. We are all sorry to see Arlyne and her two sons, Jeffrey and Scott, move to Chicago, but wish them happiness and leave an open invitation to stop by and visit us often.

The Lake Villa PTA held a meeting last week at the B. J. Hooper school. Four of the upper grade teachers explained the Social Studies program in grades 4 through 8. There was a short PTA business session and refreshments were served by the 7th Grade mothers.

Mr. and Mrs. John Weiss of Venetian Village will soon share their recent month-long European vacation with members of Prince of Peace Parish when the slides they took will be shown before the Altar and Rosary Society. The Weiss' returned last month.

Found One Yellow Kitten

Would you care to make a rough guess as to how many yellow kittens there are in the vicinity of Antioch? There's a lot of 'em, avers Mrs. Lillian Gray.

Mrs. Gray found out because her grandson, Billy, lost his yellow kitten last week. And we published an appeal to return the kitten to his sorrowing two-year-old master, if you'd seen it.

The night the paper came out, Mrs. Gray says, the phone never stopped ringing. And everyone who called knew where there was a lost yellow kitten that might be hers.

The kitten, besides following a lot of leads to kittens that weren't the right one. Billy's kitten had somehow gotten into a car in the parking lot at the Jewel Tea Store. The owner of the car thought someone must have put him in there. Taking a liking to the kitten, and not knowing what else to do, he took the kitten home.

Sequoits Take Close Contest With 1 TD

Coach Roy Nelson's fighting Sequoits fought off a late drive by the Round Lake Panthers and hung on to a 7 to 0 lead to emerge from the fray with their second conference victory of the season. It was a hard fought defensive battle with both squads encountering trouble getting any kind of a sustained drive going.

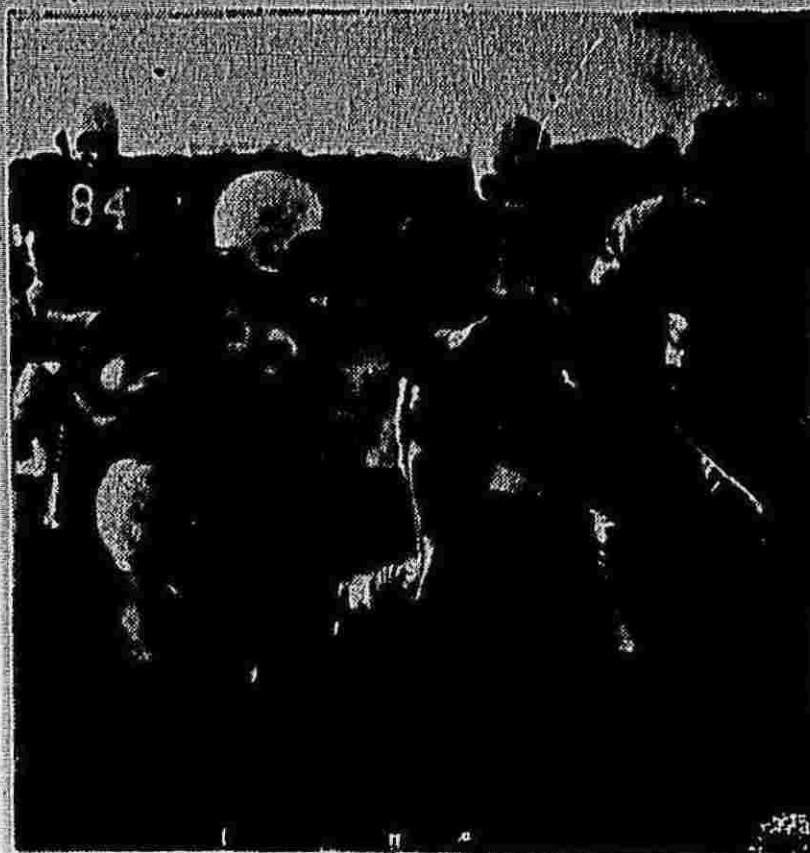

The teams spent most of the first half exchanging punts before the Sequoits finally got rolling late in the third period. Early in the 4th quarter the Sequoits went into a shotgun offense with quarterback Wally Henning taking the direct snap from center.

Henning completed a pass to Bernie Smith good for 24 yards. That was as far as they could move the ball as 3 plays later Henning fumbled and Round Lake took over on their own 14 yard line.

The Sequoit defense rose to the occasion and forced a punting situation three plays later. The rushing Antioch lineemen caused a poor kick and the ball rolled dead on the Round Lake 23 yard line. A five yard carry by Lindblad and an offside penalty against the Panthers moved the ball to the 13.

It took three plays before John Morgan shook loose and went in for the TD from the nine yard line. Jeff Gates booted the extra point and the Sequoits led by what turned out to be the final margin, 7 to 0.

Two key interceptions staved off late attempts by the Panthers to get a drive going. Jeff Gates stole a Round Lake aerial on the

Sequoits' 10 yard line and returned it to the 34 before he was brought down. Later on, with only seconds left to play, reserve back Wally Pleviak intercepted another Round Lake pass and the Sequoits were able to run out the clock.

Coach Nelson had praise for Lon Ipsen and Vince Casella for their outstanding work on defense. Ipsen recovered two Round Lake fumbles and Casella fell on one. Both did a fine job of tackling.

The Sequoits move to Wauconda Saturday for their final game of the season. Wauconda is also 2 and 4 in conference action and the Sequoits will have a chance at fourth place if they can bring home a victory.

"We plan to work on pass defense most of the week," Nelson said, "as well as ironing out some of the kinks in our own offense."

Boat Council Against Law To License

The Illinois Boating Council has gone on record in opposition to the adoption of a state boat operators license.

At a meeting held last month in Chicago, the council passed a resolution stating that "operator licensing will not save lives and there is no necessity for legislation at this time."

Kenneth Gruenwald, Illinois Department of Conservation, told the council that the Illinois boating safety record has shown dramatic improvement since 1960, when the enforcement of the Illinois Boating Act began in earnest. He pointed out that in 1960 the state had 61 boating fatalities as opposed to 19 this year. Gruenwald also stated that boating registrations had gone from 101,000 in 1960 to 160,000 in 1962.

Gruenwald credited education and enforcement programs with the improvement in the state's boating safety record.

The Illinois Boating Council is composed of some 30 organizations interested in boating safety, including such groups as the U. S. Coast Guard Auxiliary, the Power Squadrons, the Outboard Boating Club of America, the Illinois Federation of Sportsmen's Clubs and the Red Cross. Representatives of such government agencies as the Illinois Department of Conservation, the Coast Guard, the Chicago Park District and the Illinois

A large homecoming crowd saw Harvard (Ill.) score two quick TD's in the early part of the first quarter for a 14-0 lead which they held on to the remainder of the game. The larger and quicker Harvard team held Salem to minus 14 yards rushing. Salem's passing attack garnered 99 yards, aided by a 40 yard pass from Joe Flaschner to Ron Weil. Salem threatened to score twice. Art Ellis ripped off 30 yards being stopped on the Harvard 5-yard line but an illegal procedure penalty nullified it. The Falcon offense also bogged down after the long pass to Weil.

A blocked punt set up Harvard's first score. Joe Flaschner was swamped as he tried to get off his kick. Harvard took over on the 13 and wasted little time as Jerry Perkins scored on a reverse. He fumbled the handoff but the ball took a favorable bounce and Perkins was in business. Jim Burch booted the extra point. Perkins and Burch teamed together later in the quarter on another reverse. This one covered 71 yards. After this early blitz, Salem's defense held Harvard at bay but Harvard's defense led by Danny Bankston, a 302 pounder, was equal to the task. Each team had 6 first downs but Salem's offense was unable to match Harvard's early TD's.

November 1 will see the Falcons traveling to Wilmet for the first meeting of the two rivals.

Young Bowlers Have Halloween Party

The young bowlers in the Prep League (formerly known as the Bantam league) which bowls every Saturday morning at the Antioch Bowl, went all out in dressing up costumes for their Halloween party last Saturday morning. Ken Kish and Sue Abderholden were judged best. Gary Slagel and Cathy Walpole the funniest and Susan Wittleder and Billy Burns the most original.

Dozens of imaginative and detailed costumes were in evidence, and the judges had a hard time selecting winners. Pictures of many of the costumed children are on display at the Antioch Bowl.

Whats

Cookin'?

By Harry H. Stern

HOLD YOUR HEAD HIGH BUT KEEP YOUR NOSE AT A FRIENDLY ANGLE.

The minirods among us are going at it with vigah and things like that there. Big honkers are the special target these days. Jim Carlson knocked down a 12 1/2 pound Canada Goose last week. While this brand of goose runs large, about 8 to 10 pounds, Jim's is unusual because they do not as a rule come that big. Dick Kaye was alongside Jim when this flock came over, and although they were at the extreme range, they cut loose anyway, hoping to scratch down one or two. All they did was to tickle this old bird with their shot and he died laughing at their aspirations. However, they got him, here was record, or near record bird, delicious to eat if they can, ever figure out how to cook the toughness out of him.

This record stood for three long days. Then Chuckie Haling (he's a spoll-sport) knocked down a 13 pounder on Grass Lake. He also knocked off Jim's record. When asked why he perpetrated such a fowl deed he replied, "that'll learn 'em not to monkey around with the youth of America." Bunny Gilday was with Chuckie at the time and the best he could do was a mere 8 1/2 pounder. Bunny is still comparatively new at the game. He'll do better as he gets more experience—say in another ten years or so.

Art McGreal was playing host to a flock of big Canadians on his pond all summer, and they were getting good and fat on Art's grain. He had hopes of holding 'em there 'til the pond froze over. But with the opening of the goose season some poachers had other ideas and invaded his property to get a whack at the birds. They missed and scattered the flock. No doubt, Jim's and Chuckie's birds came out of this bunch, because they were so big and fat. It's a wonder they were able to fly. Anyhow, these poachers, chagrined at missing the geese, knocked off one of Art's prize sheep. Could he they couldn't tell a sheep from a goose in all that fog.

Annie, honey, I always thought those long necked things were swans. If you were referring to geese, forget it, Annie honey. With the exception of the Greater Canada Goose, the others aren't much longer than say a pintail, mallard or canvasback duck. In fact, Ross' Goose is a bit shorter and the cackling brant and black brant are about the same length, while the blue goose is a wee bit longer. Wanna rattle?

Romantic Boy—After we are married darling, the dark clouds will roll away and the blue sky—

Impatient She—Just slip the ring on my finger and skip the weather report.

Ray Jenssen, who runs that classy sports emporium, is a classless guy. Can you imagine anybody leaving a harem like his to go hunting for pheasants yet, in Souse Dakota? He took along Earl and Don Gibbs and Dick Burnette, but he overlooked some of his other wolfies. Come now, Ray, you didn't really think "us boys" would be fiddling while Rome was going up in flames?

GREATER LOVE HATH NO MAN, DEPT.—The Mystic Club (they headquarter on the Fox, just upriver from Blarney Island) called off their annual dinner meeting. Bill Everling's wife had had a stroke, and he wouldn't leave her bedside, and Jake Dykstra, club prexy, and the bunch would not break bread (continued on page 10)

without Bill. So it was a Mexican stand-off.

Here's some bragging bait for your side, Annie honey. These two young couples decided on a fishing week-end at Jay's place on Little Silver Lake, just east of town on Depot Street. It is not known what the husbands came along for, unless it was to see how it was done. Anyhow, Sandra Daniels (she's the cute chick in the picture—no, that's not her husband she's holding) came up with a 33 inch 6 1/2 pound northern pike. She took it on a big sucker. The other gal, Marie Kash, also latched onto a nice one. Yep, her husband was also looking and learning. Sandra and Marie hail from Chicago. So what else is new.

Smile! Who Needs Teeth?

By June Albrecht

Can you remember when tooth paste was made for just one purpose—to clean teeth? And isn't it strange? It did. This was pre-radio and TV advertising of course. Before the day of the commercial, singing or otherwise, before honey-voiced, or brassy-voiced, or otherwise-voiced announcer dinned in our ears relentlessly, hour after hour and day after day the glories of additives.

First the fancy ingredients (which I shall call xyz-gop). This magic formula cut down on decay! Imagine! Now you could not only have clean teeth—fewer cavities, too, was tossed in free.

Not to be outdone, other companies started adding long, unpronounceable ingredients. Most of them, translated, were "soap" or "salt", or some like "magic worker."

Then came the color change. Green toothpaste! Revolution! The marvelous ingredients were no longer hidden. They were visible all over the bathroom. On the sink, the mirror, spattered down the front of the little ones' clothing. I bought one tube. On sale. I had to make a choice—paint the bathroom and all its fixtures green, and dress my children all in green, or go back to white toothpaste. I chose white.

Then came a new wrinkle—in toothpaste and in my face. Candy Stripes! This would encourage the little ones to brush—so they said. Mine loved it. They ate every drop they could squeeze from the tube. Back to white.

All sorts of delicious taste treats followed candy stripe.

Sheriff Writes Duty Manual For His Men

Sheriff Charles E. Larson has announced that a Duty Manual will be prepared to fulfill a long felt need for a guide designed for all employees of the Sheriff's office. It will be the first time in the history of the office that such a Duty Manual has been considered. Larson stated that in the process of writing this manual, careful consideration will be given so that no individual employee would be deprived of his initiative and incentive to contribute to and improve himself or his services. The manual will be prepared by Stanley Schabowicz, Administrative Assistant, under the direction of the Sheriff.

The manual is intended as a guide for the employees of the Sheriff's Office. It will outline basic principles of the organizational structure and some fundamental concepts of police work. The scope of this manual will cover outlines, functions and procedures for every position in existence within the present pyramidical structure of the organization. The text of informational material chosen will be brief, yet it will furnish the employee with a panoramic view of the chain of command and a basic understanding of the relationship between each division. The descriptive area will range from the Chief Deputy to the utility man under the jurisdiction of the Sheriff.

Larson is cognizant that there are certain limitations and disadvantages in preparing such a manual. It will be impossible to describe every functional position and all responsibilities in detail. In order to be effective a duty manual must be kept up to date. This might be considered a disadvantage. Also too much regimentation in a written manner might deprive the individual employee from exercising his own common sense. Furthermore the provisions of administrative and executive policies cannot be clearly defined, as a result they might be open to varied interpretations by employees. However, Larson said the urgent need for a standard duty manual overshadows all known limitations and disadvantages of having such a text at this time.

Grace Church Has Several Special Programs Slated

The second annual Missionary conference sponsored by the Grace Community Church of Venetian Village will be held on Nov. 4-10 with services conducted nightly at 7:30 p.m. Featured speaker will be Mr. Maurice Hammond, "Field Representative" of Grace Mission, Inc. with headquarters in Grand Rapids, Mich. Mrs. Trixie Hammond will be Missionary Conference each evening.

The Hammonds, former missionaries to Bolivia under "Bethesda Missions, Inc." established national church in Cochabamba, Santa Cruz and smaller villages, along with an orphanage and day school. In 1958 they returned to the U. S. to enter the "Pas-

torate in Riverside, Calif. In 1960 they founded the Grace Bible Church of Riverside. As Field Representatives, they are engaged in an extensive traveling ministry in evangelistic, Bible Conference and Missionary Conference work throughout the U. S. They are also visiting several mission fields in other countries to bring first-hand reports of what is being accomplished.

Other speakers for the Conference include Mr. Russell Youngstrom, director of the Light of Hope Gospel Mission in Chicago, and Mr. and Mrs. Arthur Matychuk, missionaries to Bolivia. Special music will be presented each evening and missionary films will be shown. Among field displays will be curios and a native hut.

The Missionary Conference comes in the middle of the Sunday School Attendance Effort, "New Horizons," which is featuring slides, tapes and curios from the various mission fields around the world. Grace Sunday School is in an attendance contest with the Grace Gospel Sunday School of Lombard.

This Thursday evening the Sunday School is sponsoring a "Giant Halloween Treat" for the entire community in the parking lot of the church. Included will be a "Spook Trail" costume judging with prizes given, apples and Halloween candy for all, a colored film "Angry Jungle" on large outdoor screen and a giant bonfire with group singing for all. The purpose

THE ANTIOCH NEWS 10 THURSDAY, OCTOBER 24, 1963

of this event is to provide a wholesome evening of fun for all in the Community on Halloween night. "Trick or Treaters" and all other persons in the area are invited to come. The activities will begin at 7:30 and conclude at 9 p.m. Grace Community Church is located on the corner of Granada Blvd. and San Ram.

Grass allowed to accumulate around burners, oven and broiler of kitchen stoves is a constant fire hazard. The Institute for "Safe Living" of the American Mutual Liability Insurance Company points out that many home fires start as a result of defective or misused cooking equipment. Grass fires can be eliminated by effective cleaning methods.

Lindenhurst News

By Mrs. Bernice Bernau

Boys' Club News
Billy Goetz, pro wrestler
from Antioch, gave a weight
lifting exhibition at the B. J.
Hooper school Friday evening
for the club members.
About 45 boys had at least
two chances to demonstrate
their weight lifting ability.

Mr. Goetz's son, Edward, is
a student at Antioch High
School.

Attention: There will be a
Halloween party Thursday
from 5 to 6 p.m. at the Civic
Center for members of the
club. Parents are asked not
to bring them there before
5 that day and to be sure to
pick up their sons at 6, each
time they attend the club.

Attends Lecture
Mrs. Zelma Bechtel, 2200
Witchwood Lane, attended a
dinner and a lecture recently
at the Pere Marquette Hotel
in Peoria, sponsored by the
Blue Cross and Blue Shield,
for doctors assistants. Mrs.
Bechtel is secretary-receptionist
for Dr. Abderholden in Antioch.

Halloween Dance
The Annual Halloween
Dance sponsored by the
Lindenhurst Men's and Women's
Club will be held Saturday,
November 2 at the Civic Center,
starting at 9 p.m.

Camp-fire Outing
The Lindenhurst Men's
Club, sponsors of Boy Scout
Troop 84, treated the boys to a
wiener roast last Monday
night.

Cub Scout Meeting
"Make-Believe" was the
theme of the month for Cub
Scout Troop 84, when they
held their pack meeting recently
at the Hooper school. Den 1
presented the flag, after
which the Pledge of Allegiance
was said. Dennis Stanley of
Den 2, received his Bobcat pin.

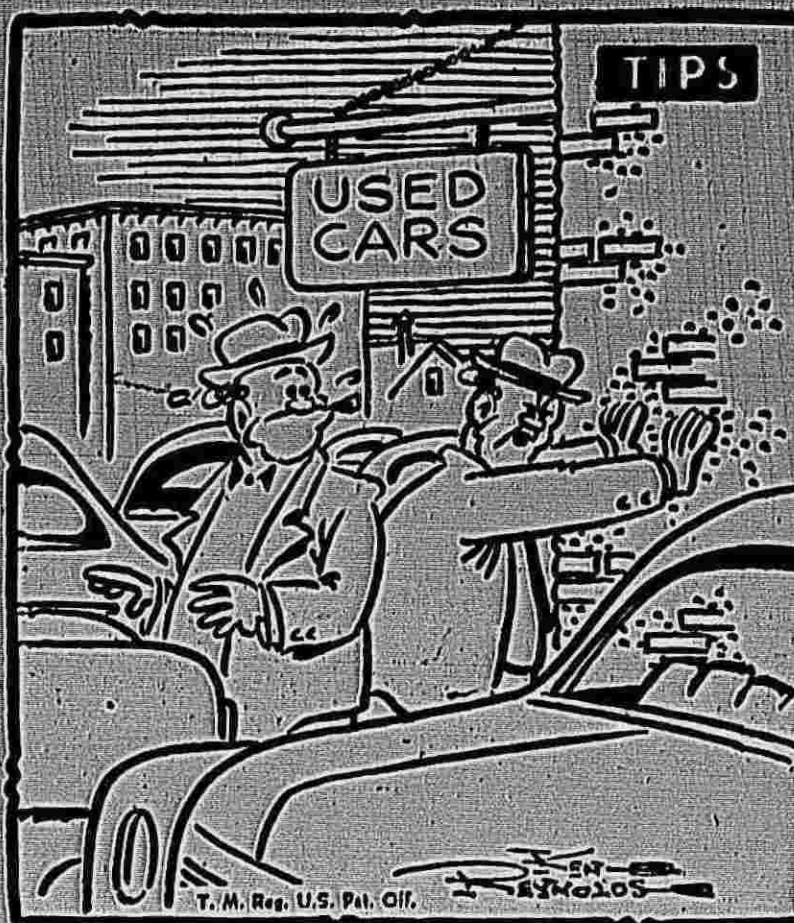

The nine boys in Den 1
put on a skit entitled "Spooks
from Fireland" in commemoration
of Fire Prevention Week.
Each boy had a short
flame attached to his forehead
and he recited a few
lines, like this: "I smoked,
and smoked and smoked in
bed, and now you see that I
am dead." "We thought the
camp-fire under control. I
just crawled out of my six-foot
hole." "I filled with gas,
the lawnmower hot. So,
like the others, I'm not." "I
saved oily rags to use again.
No telling what I might have
been." "My Pop said frayed
wires were O.K., I became a
Spook without delay."

Richard Myslinski was the
first place winner in the
Rocket Project that the boys
have been working on. Hank
Weber was a close runner-up.

Entertains Club
May Hunt was hostess to
her Canasta club last Wednesday
evening.

Pearl Labarbera was hostess
to her Tuesday night
Pokeeno club, at Jane Lind-
berg's home.

Garden Club Meeting
The Lindenhurst Garden
Club will meet at the home of
Mrs. Lorraine Lewis, 222 S.
Valley Drive, Monday, Nov. 4
at 8 p.m. Mrs. Nancy Ranta
of Zion will demonstrate

"Quick, Boss, let's use a Antioch News Want Ad —
I'm getting car-sick!"

Holiday Table Settings.
Guests are invited.

Home From Hospital
John Quinn came home
from the hospital Saturday
afternoon after submitting to
an operation the Monday before.
He expects to be home
from 6 to 8 weeks.

Mrs. Pearl Nichols, 1810
E. Sprucewood, also came
home Saturday after being in
St. Therese hospital since
Monday.

Third Child
Mr. and Mrs. Robert
(Sharon) Bunkelman of 2206
E. Sprucewood welcomed their
second son at Victory Memorial
Hospital October 25.
Brian Robert weighed 8 1/2
pounds at birth.

Grandmothers Club
Mrs. Florence Schultz entertained
her Grandmothers Club last
Wednesday afternoon. They
were happy to have Vicky
Olzewski with them again.

Anniversary
Bob and Peggy Karry, 2506
Bonner Lane, celebrated
their 13th wedding anniversary
Saturday night, with two
other couples: October 31 is
their anniversary. They have
five children, Lynn, Michael,
Nancy, Robin and Patricia.

Sponsor
Mrs. Ethel Brendel was
god-mother for her niece,
Eileen Bernadette Brendel,
Sunday at Immaculate Heart
of Mary church in Chicago.
She is the daughter of Mike
and Bridgett Brendel.

Arizona Vacation
Mr. and Mrs. Henry Drayer,
1808 E. Sprucewood Dr.,
spent 12 days driving to
Phoenix, Arizona and back.
While there they visited
with Mrs. Drayer's step-father
and friends.

First Communion Parties
Thirty relatives and friends
including the Earl Spiegler
family and Charles Vrba family,
attended Colleen Schartz'
Communion party Saturday.
Mrs. Robert Schartz is the
president of the Altar and
Rosary Society.

Louis Harceg, Jr., had
about 14 cousins to play with

THE ANTIOCH NEWS 11
THURSDAY, OCTOBER 31, 1963

The Luther League entertained
the Luther Leagues from Lord of Life Lutheran
church in Waukegan and the
Trinity Evangelical Lutheran
from Long Lake at their last
meeting.

**Prince of Peace
Church**

Friday, November 1, is
the feast of All Saints. The
Masses will be at 8:00 and
9:00 in the morning, and at
8:00 in the evening.

Additional voices in each
section is needed in the choir
that recently started. Rehearsal
is at 7:30 p.m. every
Tuesday evening.

The Sodality will hold
their regular monthly meeting
Wednesday, Nov. 6, at
8 p.m. Mrs. John Weiss
will show slides she and her
husband took of their trip
through Europe in September.

Ladies of the parish are
asked to bring new or used
baby clothes in good condition,
for a baby shower for
St. Vincent's Orphanage. No
toys, please.

It is when we try to grapple
with another man's intimate
need that we perceive
how incomprehensible, wavering
and misty are the beings
that share with us the
warmth of the sun.—Joseph
Conrad.

TO YOU

November 3, 1963

9:30 a.m. on WAIT (820 kc.)
This week's Christian Science program

"WHY BELIEVE IN GOD?"
The third in this group of special
programs gives a challenging
answer to the question "Why
Believe in God?" The healing
power of a correct understanding
of God is illustrated with an actual
case history.
